Incoming exchange students are provided with university dormitory.

Exchange students live in 9-storied block type buildings situated not far from the university campus. So, the students have no need to use public transport.

Each block has one twin room (12 m²) and one triple room (18 m²), WC and a small stockroom. The Internet connection is available in each room. Showers are on the ground floor.

Monthly housing fees are 4500-4650 RUB per person.

Dormitories are equipped with surveillance systems, fire alarm and voice alarm control and indicating equipment. On each floor there is a panic alarm button to request emergency assistance from security services
